# Webinar 3: Changing Your Sales Tactics

May 2012

Prepared by: WebChartMD Johnson City TN

#### **Driver for Change In Sales Tactics**

PAIN POINT: MTSOs will have larger client bases generating smaller volumes per client. Instead of 25 accounts billing at \$2,500 per month, an MTSO in the future may have 250 accounts billing at \$250 per month.

ACTION POINT: More deliberate, targeted sales approach that is focused on capturing volumes left by MTSOs exiting the market. Development and solicitation of prospect list more critical than ever.

# What We'll Cover Today

**Premise:** your sales effort is built on a simple strategy implemented repetitively.

#### What we'll cover:

- 1. How to build a prospect list from cold calling (phone), the internet and other sources.
- 2. Managing your prospects and sales efforts via a CRM (customer relations manager) tool.
- 3. How to "pitch" to new prospects and close the deal.

# **Sales Process:**

# 1. Build a Process that Works.

# 2. Repeat it every day.

# 3. Identify decision maker

"I have a letter coming over to your practice manager. Who should I address it to?"

"I may email a copy. Should I send it to her at . . .?"

# 4. Email decision maker

Hi (name),

I wanted to write and introduce myself. My company specializes in providing dictation services to orthopedic clinics currently using EHRs. Our experience with other ortho groups has been that orthopedic physicians are too busy to use EHR templating to document their patient encounters, and so we've become experts in transcribing full or partial dictation and seamlessly moving the patient notes into a wide range of EHR systems. If you wouldn't mind I'd like to call you tomorrow to say hello. I've attached a brief flyer to give you a little information on (company name) and what we do. Thank you.
